We invite you to join us in **13th International Conference on Information Technology, Control, Chaos, Modeling and Applications (ITCCMA 2026)**

will provide an excellent international forum for sharing knowledge and results in the fields of Information Technology, Control Systems, Chaos, Computer Modeling, Computer Science and applications. The Conference looks for significant contributions to all major fields of the Information Technology, Control Systems, Chaos and Modeling in theoretical and practical aspects. The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following areas, but are not limited to...

Highlights of ITCCMA 2026 includes:

- 12th International Conference on Data Mining (DTMN 2026)
- 12th International Conference on Signal and Image Processing (SIGPRO 2026)
- 12th International Conference on Computer Science, Engineering and Information Technology (CSITY 2026)
- 7th International Conference on Machine Learning Techniques and NLP (MLNLP 2026)
